

# Valentina Guariglia,

# Interdisciplinary Designer

<div>ABOUT ME01</div> <div>I'm an interdisciplinary designer exploring the intersection of the physical and digital, blending tangible spaces with interactive and experiential dimensions. Rooted in a passion for art and architecture, my work spans spatial, visual, and interactive design, with a growing focus on installations and exhibition design. I value projects with social, cultural, or environmental impact, seeing design as a tool for meaningful change.</div>	<div>EXPERIENCE03</div> <div><div>2023 - Present</div><div><div>Freelancer designer</div><div>Experience delivering creative solutions across diverse projects, blending aesthetics with strategic design.</div><div>Milano Design Week 2024</div><div><div>Project manager junior</div><div>Alcova / Milan</div><div>Experience coordinating installations, logistics, and team workflows in an international design context.</div></div><div>2023 - 2024</div><div><div>Interior designer junior</div><div>Spagnulo&amp;Partners / Milan</div><div>Designed the renovation of two high-end villas in Italy, focusing on layout design, material selection, and client presentations.</div><div>Milano Design Week 2023</div><div><div>Internship</div><div>Design Differente / Milan</div><div>Designed an installation, contributing to project development and on-site setup.</div></div><div>2021 - 2022</div><div><div>Set designer</div><div>This is Not / Varese</div><div>Responsible for the renovation of the club space and the stage design for the summer festival.</div></div></div></div></div>	<div>EDUCATION04</div> <div><div>2024 - Present</div><div><div>SUPSI</div><div>Interaction Designer</div></div><div>2019 - 2023</div><div><div>Politecnico di Milano</div><div>Interior Designer</div></div></div>
